

Kevin Thomas Cook, DDS, MAGD, FACD, FICD

Continuing Education Courses Attended:

September, 2023	Vedder Society of Crown and Bridge Prosthodontics – Building Broad Esthetic Foundations, Dr. Lincoln Harris, 13 hours
April, 2023	Minimally Invasive Bonded Bridges, Dr. Jose-Luis Ruiz, 1 hour
April, 2023	Simple Restorative Mastery: Who Says It's So Simple?, Dr. Mitchell Rubinstein, 1 hour
April, 2023	Local Anesthesia: 95 Years of Hits, Misses and Near Misses, Dr. Mel Hawkins and Professor Kathy Bassett, 1.25 hours
March, 2023	Simplifying Complex Cosmetic and Restorative Dentistry, Drs. William C. Strupp and Michael W. Brumm, 16 hours
February, 2023	American Dental Association and Drug Enforcement Administration Series: Prescribing Controlled Substances, Kimberly J. Daniels, 1 hour
February, 2023	The Dentist's Role in Preventing Opioid Abuse and Addiction in Their Patients Who Require Pain Medication, Dr. Vincent Benivegna, 1 hour (satisfies the one-time dentist requirement on opioid abuse training mandated by the Michigan Board of Dentistry for license renewal)
February, 2023	Chicago Midwinter Dental Meeting – Exhibit Hall Credit, 2 hours
February, 2023	CAD-Ray 3Shape Trios Advanced Hands On Training, Las Vegas, 14 hours (lecture and hands on participation credit)
September, 2022	Things We Have Learned Along the Way – Looking Back & Learning Forward, Drs. Michael Melkers and Lane Ochi, 13 hours
September, 2022	Infection Control, Jurisprudence, and Implicit Bias, Daniel Schulte, JD, and Drs. Marie Fluent and Marita Inglehart, 5.5 hours
May, 2022	University of Michigan School of Dentistry Cariology Restorative Sciences and Endodontics Faculty Department Calibration on Polymer-Based Restorative Materials, Dr. Rodrigo Maia, 2 hours
April, 2022	Interdisciplinary Treatment Planning in Patients with Complex Dental Problems Involving Esthetics and Function, Dr. Frank Spear, 6 hours
April, 2022	If You Can't Say Something Nice, What Do You Say? Practical Solutions for Working Together Better, Sarita Maybin, 1 hour
April, 2022	What You Should Know About Zirconia in 2022, Dr. Nathaniel Lawson, 1 hour
April, 2022	Zero Bone Loss Concepts for Dental Implants, Dr. Tomas Linkevicius, 6 hours
April, 2022	Optimizing Esthetics and Longevity of Ceramic Restorations Using Panavia Resin Cement, Dr. JaeSeon Kim, 1 hour
March, 2022	Articaine: Truths, Myths, and Consequences, Dr. Mel Hawkins and Kathy Bassett, BSDH, RDH, Med, 1 hour
March, 2022	Cracked Teeth: To Condemn or not to Condemn, Dr. Arthur Lamia, 1.5 hours
February, 2022	Chicago Midwinter Dental Meeting – The Hands, The Head, and The Heart: Three Keys to a Successful and Fulfilling Dental Practice, Dr. Robert Maguire, 1.5 hours

Continuing Education Courses Attended / Kevin Thomas Cook, DDS, MAGD, FACD, FICD / May-23

January, 2022	Around the Blocks in 60 Minutes - Part 2: Maxillary Anesthesia, Dr. Mel Hawkins and Kathy Bassett, 1 hour
January, 2022	University of Michigan Cariology Restorative Sciences and Endodontics Department Calibration: Light Curing in Dentistry, Dr. Rodrigo Rocha Maia, 2 hours
January, 2022	Occlusion in Everyday Dentistry, Dr. Mark Murphy, 1 hour
December, 2021	Implicit Bias Training: Medical and Racial Bias, Dr. Jeffery W. Johnston, 2 hours
November, 2021	Control, Protocol, and Risk Management Seminar for Dental Professional Liability, Dr. Anthony Chillura, 4.5 hours
November, 2021	The Painless Business Approach to Dentistry, Howard I. Bleiwas, CPA, CVA, 1.5 hours
November, 2021	Anterior Guidance and Incisal Edges: Form and Function, Dr. Jeff Lineberry, 1 hour
November, 2021	CRSE Calibration on Utilizing Fluoride and Caries Risk Assessment, Dr. Margherita Fontana, 2 hours
October, 2021	CRSE Calibration for Restorative Test Case Grading in the Clinics, Dr. Rodrigo Maia, 2 hours
September, 2021	Advances in Dental Pharmacotherapy: How to Maximize Success While Limiting Risk in Everyday Practice, Karen Baker, 6 hours
September, 2021	Vedder Society of Crown and Bridge Prosthodontics – Ceramics Update 2021, Dr. David Horbrook, 6 hours
June, 2021	Common HIPAA Mistakes and How to Avoid Them, Jennifer Cosey, 1 hour
May, 2021	How to Attract and Keep the Best Possible Team Members, Gary Takacs, 1 hour
March, 2021	Equilibration: Determining the Need and Communicating with Patients, Dr. Neeraj Khanna, 1 hour
March, 2021	Pain Control in Endodontics from Pre-Op to Post-Op, Dr. Martin Trope, 2 hours
March, 2021	Clinical and Radiographic Update on Head and Neck Neoplasms, Drs. Macksood Aftab and Julianna Hukill, 1.5 hours
March, 2021	The Great COVID Reset, Dr. Michael Abernathy, 1.5 hours
February, 2021	The Connection Between TMD and Systemic Health, Dr. Arthur Moore III, 0.75 hours
February, 2021	Simplified Treatment of OSA and Utilization of High Resolution Pulse Oximetry, Dr. James Metz, 0.75 hours
February, 2021	Where We have Come from and Where Dentistry Will Take Us in The Coming Decade, Dr. DeWitt Wilkerson, 0.75 hours
February, 2021	From Nociception to Central Pain: The Elements of the Pain Experience, Dr. Matthew Lark, 1.25 hours
February, 2021	Guiding Lights in Dentistry, Blending the Old With the New - Dedicated to Dr. Henry Gremillion, Dr. Glenn Kidder, 0.50 hours
February, 2021	Engineering Cusp Tips and Flat Landing Pads for Optimal Occlusal Loading, Dr. Jeff Baggett, 0.75 hours
February, 2021	Gift of Connecting, Sheri Kay, RDH, 0.50 hours

February, 2021	Intermediate Shell Overlay Fabrication Technique for Evaluation of Tooth Restorability, Dr. Michael Fling, 0.75 hours
February, 2021	Vision for the Dental Future, Dr. Gary DeWood, 0.75 hours
February, 2021	Intercepting Sleep Disordered Breathing, Dr. Ben Miraglia, 1 hour
February, 2021	Management of Chronic Bruxism Using Botulinum Toxin, Dr. James Mah, 0.75 hours
February, 2021	Ten Principles for a Successful TMD Practice, Dr. Ronald Auvenshine, 1 hour
February, 2021	Occlusion is Simple Until It's Not, Dr. LeeAnn Brady, 0.75 hours
February, 2021	Surgical Facilitated Orthodontic Therapy, A Facially Optimized Interdisciplinary Approach, Dr. George Mandelaris, 0.75 hours
February, 2021	Chicago Midwinter Virtual Meeting: Predictability in Restorative Care, Dr. Todd Davis, 1.5 hours
February, 2021	New 2021 CDT Code D1355: Prevention of Caries by Silver Diamine Fluoride 38%, Dr. Jeremy Horst, 1 hour
February, 2021	Young Dentist Strategies to Navigate in a Post Covid World, Dr. Tom Lambert, 1 hour
January, 2021	The Dirty Dozen: How to Answer the 12 Most Difficult Questions Patients Ask, Dr. Richard Madow, 1 hour
November, 2020	An algorithmic approach to TMJ disorders, Dr. Sharon Aronovich, 1.5 hours (1 CEU towards Pain Management)
October, 2020	Invisalign: Will my clincheck work this way?, Dr. Brad Stieper, 1 hour
June, 2020	Addressing FAQs about Infection Control in the Era of COVID-19, Dr. Marie Fluent, 1.5 hours
June, 2020	COVID-19 and the Dental Team, Drs. Vince Benivegna, Marie Fluent, and Chris Smiley, 1 hour
May, 2020	COVID-19 Response: CDC Guidance for Dental Settings, Dr. Pamela Porembski, Eve Cuny, MS, and Kathy Eklund, 1 hour
May, 2020	Calling Employees Back to Work – Setting the Stage for Success, Jodi Schafer, SPHR and Daniel Schulte, JD, 1 hour
May, 2020	Staying Connected During COVID-19: Managing Infectious Diseases in the Dental Office, Drs. Gerald Botko and Douglas Risk, 1.5 hours
May, 2020	Staying Connected during COVID-19: HIPAA – Compliance Strategies, Dr. Neil Gajjar, 1 hour
May, 2020	Staying Connected during COVID-19: AGD Back to Work Guidance with Panel Discussion, Drs. Bruce Cassis, Joseph Battaglia, and Gigi Meinecke, 1.5 hours
May, 2020	COVID-19 Staying Focused and Moving Forward – Returning Stronger, Drs. Chad Duplantis, Ron Kaminer, and Foroud Hakim, 1.5 hours
May, 2020	Risk Factors of Obstructive Sleep Apnea, Dr. Anjoo Ely, 1 hour
May, 2020	Reopening the Doors: The Same Place, Yet a New Practice, Dr. Marie Fluent, 1.5 hours
May, 2020	Common Oral Pathology: Oral Cancer Screenings, Dr. Ashley Clark, 1.5 hours
May, 2020	Staying Connected COVID-19: Staying Focused and Moving Forward: Taking Back Your Future in Dentistry, Dr. Michael Abernathy, 1.5 hours

May, 2020	The (Medical) Scaries: How to Approach Significant Medical Comorbidities, Dr. Lauren Johnson, 1 hour
May, 2020	Staying Connected During COVID-19: Staying Focused, Moving Forward and Your Mental Health - Keeping it Together in Uncertain Times, Dr. Marilyn Cassis and Michael Rucker, 1 hour
May, 2020	Surviving the COVID-19 Interruption, Dr. David Juliani, 1 hour
May, 2020	Cariology Restorative Sciences and Endodontics Faculty Calibration: Best Practices for Detection, Diagnosis, Risk Assessment, and Management of Dental Caries, Drs. Donald Heys and Margherita Fontana, 3 hours
April, 2020	COVID-19 and HIPAA, Jennifer Cosey of Eagle Associates Inc., 1 hour
April, 2020	Emerging From Our Huts After COVID-19, Dr. Ankur Gupta, 1 hour
April, 2020	Coping with the Stress of COVID-19, Kit Welchlin, 1 hour
April, 2020	Successful Crown and Bridge Restorations... From Preparation to Definitive Cementation, Dr. Jason Goodchild, 1 hour
April, 2020	Management of Complex Teeth, Drs. William J. Belknap and Andrew Janiga, 1.5 hours
April, 2020	The Coronavirus Aid, Relief and Economic Security (CARES) Act & Dentistry: Understanding Programs That Could Assist You and Your Team, Heidi K. Abegg, JD, 1.41 hours
April, 2020	Staying Connected During COVID-19 and General Dentistry – Infection Control Strategies, Nancy Dewhirst, RDH, BS, 1.5 hours
April, 2020	Staying Connected During COVID-19 and General Dentistry-Impact and Mitigation Part 2, Drs. Connie White and Larry Williams, 1.75 hours
April, 2020	COVID-19 and the Impact on Dentistry, Dr. Marie Fluent, 1 hour
April, 2020	Identifying and Refining your Core Systems While Away from the Office, Dr. Kevin Kwiecien, 1 hour
April, 2020	Staying Connected During COVID-19 HR Best Practices in Dealing with Your Team in this Crisis, Barbara Freet, PHR, 1.5 hours
April, 2020	Next Steps: Your Practice in Post-COVID Michigan, Dr. Dan Peters, Ted Schumann II, MDA, MSF, CFP, 1 hour
March, 2020	19 Ways to Survive the Pandemic: What You Can do Now and When You are Back to Work, Dr. Mark Hyman, 1 hour
March, 2020	Staying Connected During COVID-19 and General Dentistry - Impact and Mitigation Part 1, Dr. Larry Williams, 1.5 hours
March, 2020	Keep the Lights On: Protect the Health of Your Practice During the Economic Downturn, Wendy O'Donovan Phillips, 1.5 hours
March, 2020	What's in the CARES Act and How It Can Immediately Impact My Dental Practice, Allen M. Schiff, CPA, CFE and Mike Graham, 1 hour
March, 2020	Dental Practice Financial Issues Surrounding COVID-19, Allen M. Schiff, CPA, CFE, 1.5 hours
March, 2020	Coping with Coronavirus (COVID-19), Dr. John Molinari, 1 hour
March, 2020	The Practice Management Impact of COVID-19, Jodi Schafer, SPHR, Daniel Schulte, JD, Ted Schumann II, MBA, MSF, CFP, 1 hour
March, 2020	Vedder Society of Crown and Bridge Prosthodontics – The Impact of Digital Technology on Prosthodontic Therapy, Dr. Miguel Ortiz, 6 hours
February, 2020	Chicago Midwinter 2020

February, 2020	Powerful Partnership: Critical Dentist-Hygienist Communication Skills, Rachel Wall, RDH, 1.5 hours In Case of Emergency Break Glass: Handling Medical Emergencies in your Office, Dr. Thomas Borris, 1.5 hours American Equilibration Society 2020 Scientific Meeting – What do You Know? What do you Think You Know? What do You Need to Know?, 13.25 hours Denture Occlusion is Different, But Keep Calm and Find CR, Nader Sharifi, DDS, MS Foundational Occlusion, James McKee, DDS To Boldly Go – Stepping Out of Ordinary to Extraordinary, Mr. Ray McElroy Role of Orthodontic Intervention in OSA: Functional and Physiological Approach of Orofacial Structure Restoration, Audrey Yoon, DDS, MS Airway Surgery for Obstructive Sleep Apnea, Robert Relle, DDS DSO-DMD-DDS The Business of Dentistry Today, Matt Lark, DDS and Katie DeWood, DMD Staying in the Question with Your Patients, Mary Osborne, RDH High Expectation Patients: Guidelines for Successful Outcomes, Robert Winter, DDS Etiology, Therapy and Maintenance for Peri-implant Diseases, Tom Wilson, DDS HPV and Oral Sex - You Want Me to Discuss What With My Patients?, Catrice Opichka, RDH The Amazing Possibility for Tooth Replacement in Children with Dental Trauma, Jim Janakievski, DDS Connecting with Your Patient, Ryan Coulon, DDS CPR for the Worn Dentition: From Concept to Prototype to Restoration, Dennis Hartlieb, DDS You Only See What You Know, You Can Only Treat What You See, Frank Spear, DDS, MSD
November, 2019	Tres Amigos Study Club – Dental Implants and Orofacial Pain – Drs. George Platt, Michael Rolfes, and Fred Slete, 16 hands-on participation hours
November, 2019	Pankey Study Club – What if a Centric Relation Orthotic Does Not Work?, Dr. John Droter, 15 hours
September, 2019	Vedder Society of Crown and Bridge Prosthodontics – The Dental Lab, Your Vital Link for Greater Clinical Success, Dr. James Braun, 3.5 hours
September, 2019	Vedder Society of Crown and Bridge Prosthodontics – Single Tooth Implant Restorations to Fixed and Removable Implant Supported Prosthesis, Dr. Robert Humphries, 3.5 hours
September, 2019	Vedder Society of Crown and Bridge Prosthodontics – Trends, Innovations, Controversies and Clinical Tips, Dr. Damon Adams, 6 hours
August, 2019	US Tour: Injection Molding and The Bioclear Technique for Composites, Dr. Richard Young, 3 hands-on participation hours, 3 lecture hours
June, 2019	Oral Medicine Product Training – Silver Diamine Fluoride, Lisa

June, 2019	Campagna – Elevate Oral Care, 1 hour Pankey Hands-On Study Club – Principles for Anterior and Posterior Composite Restorations, Robert Mopper, David Latz, Fred Slete, Michael Rolfes, and George Platt, 16 hours (including 16 hours hands-on participation credit)
June, 2019	Trailing Edges Study Club, Atlanta, GA, Drs. Todd Davis and Kirk Nelson, 2.5 days (No CE voucher provided)
May, 2019	Implementation of Intraoral Scanning and a Coded Healing Abutment Impression System (Zimmer Biomet webinar), Dr. Wael Garine, 1 hour
May, 2019	Examination and Treatment of TMD: A Physical Therapist’s Perspective, Chad Shafer, DPT, 2 hours
May, 2019	Update on Infection Control and OSHA, Linda Collins, 3 hours
May, 2019	Professional Protector Plan – Control Protocol, and Risk Management Seminar, Dr. Robert Peskin, and Linda Farnen, JD, 4.5 hours
April, 2019	Tres Amigos Study Club – Anterior Anatomy and Provisionals; Implant Science and Selection, Drs. George Platt, Michael Rolfes, and Fred Slete, (including hands-on participation hours and lecture hours)
March, 2019	CEREC Digital Impression Training, Dr. Dennis Fasbinder, 2 hours
March, 2019	The Impact of Digital Technology on Prosthodontic Therapy (Vedder Society of Crown and Bridge Meeting), Dr. Lyndon Cooper, 6 hours
February, 2019	American Equilibration Society 2019 Meeting - Application of Today’s Science, Technology and Experience, 13.3 hours What Makes a Master?, Mr. Kirk Behrendt Does Occlusion Play a Role in TMD?, Dr. Henry Gremillion Detangling the Web of Sleep Disordered Breathing, Sleep Bruxism and TMD, Dr. Steven Bender Identifying the Road from Neophyte to Mastery, Dr. Michelle Lee How An Exceptional Dentist Can Masterfully Replace Themselves, Dr. Robert Frazier The Importance of Lifelong Learning, Dr. Gary DeWood Bioresearch, TMD and the Cervical Spine, Dr. Javier Vasquez Is CR Important?, Dr. John Droter A Surgeon’s Perspective on TMD and Total Patient Health, Dr. Ed Zebovitz The Evolution of Occlusion in TMD & Orthodontics; Past, Present and Future, Dr. Jeffrey Okeson Controlling the Plane of Occlusion for Improved Facial Esthetics and Functional Occlusion – Dr. Doug Knight Pediatric Airway Orthodontics – Dr. Marianna Evans AES Agents of Change – Creating the Orthodontist You Have Always Wanted – Dr. Mick Hudson Integrative Medicine in the Dental World, Dr. Bob Rakowski Restorative Solutions for the TMD Patient – Dr. John Cranham Evaluation, Communication & Treatment using Technology – Dr. Robert Supple Latest Trends in PT for the TMD Patient, Dr. Anne Harrison

	Scientific Investigation Committee Literature Review, Dr. Aad Zonnenberg
February, 2019	If I Did It Again!, Dr. Peter Dawson Chicago Midwinter 2019 Dental Meeting Connection to Self: Meditation, Diet & Exercise, Ashanti Johnson, CEO of 360.Mind.Body.Soul, 1.5 hours
January, 2019	Stay Out of Jail: Avoid Coding Errors, Dr. Charles Blair, 3 hours Trailing Edges Study Club – Management Income Statements and The Power of Full Engagement, Splint Therapy (Hands-on, Participation course), Atlanta, GA, Drs. Todd Davis and Kirk Nelson, 2.5 days (No CE voucher provided)
December, 2018	Pankey Hands-On Study Club – Drs. Buzz Raymond, David Latz, Fred Slete, Michael Rolfes, and George Platt, 16 hours (including 16 hours hands-on participation credit)
November, 2018	Tres Amigos Study Club, Drs. George Platt, Michael Rolfes, and Fred Slete, (including 20 hands-on participation hours and 12 lecture hours)
October, 2018	Silver Diamine Fluoride: History, Science, and Research, Dr. Allison Scully, 1 hours
October, 2018	New Technologies for Restoring Dental Implants – Zimmer Biomet Encode System, Steve Kauffmann, Digital Dentistry Sales Specialist, 2 hours
September, 2018	Utilizing the Global Restorative Footprint in Restorative Practice & Identifying Tipping Points to Motivate Change (Vedder Society of Crown and Bridge Meeting), Dr. Michael Fling, 13 hours
September, 2018	Seven Habits of Highly Effective Practices, Dr. Gary DeWood, 6 hours
August, 2018	The Similarities Between Quality Marriages and Quality Long Lasting Dentistry and Improving your Effectiveness as a Dental Professional – Ultradent Seminars, Dr. Dan Fischer and Carol Jent, RDH, 8 hours
June, 2018	Trailing Edges Study Club – Henry Tanner / Anatomic Appliance Fabrication and Delivery, Splint Therapy (Hands-on, Participation course), Atlanta, GA, Drs. Todd Davis and Kirk Nelson, 2.5 days (No CE voucher provided)
June, 2018	Creating More Financial Freedom, Drs. Richard Green and Mark Kleive, 14 hours (Lecture and participation credits)
April, 2018	Pankey Hands-On Study Club – Staging Complex Restorative Cases (with special guest speakers Drs. Thomas R. McDonald and J Steven Smith), Drs. David Latz, Fred Slete, Michael Rolfes, and George Platt, 16 hours (including 16 hours hands-on participation credit)
March, 2018	The Unholy Trinity of Function: A New Approach to the TMJ, Functional Occlusion, and the Face, Dr. Jeff Horowitz, 7 hours
March, 2018	Immediate vs. Delayed Socket Management: What we know, what we think we know, and what we don't know, (Vedder Society of Crown and Bridge Meeting), Dr. Dennis Tarnow, 6 hours
February, 2018	Chicago Midwinter Dental Meeting 2018 Ultimate Self Care Rx for Health Professionals, Dr. Uche Odiatu, 3 hours Exhibit Hall Continuing Education Credits, 2 hours

February, 2018	American Equilibration Society 2018 Meeting - Integration of Total Health in the Comprehensive Practice of Dental Medicine, 11.25 hours Cariology & Cardiology, Dr. Robert Lustig, MD, MSL Integrative Dental Medicine: Building on the Concepts of Complete Dentistry, Dr. DeWitt Wilkerson Recognizing Inflammation as the Driver of Arterial Disease with an Emphasis on the Critical Role of Oral Health: The Bale/Doneen Method, Brad Bale, MD; Amy Doneen, DNP, ARNP Salivary Diagnostics: Advancing Dentistry into Primary Healthcare, Dr. David Wong The oral-systemic health connection. Where are we today?, Dr. Michael Glick The Stomatognathic Connection: Facilitating a Health-Centered Patient, Dr. Kevin Kwiecien Dental Caries: A Simplified Treatment Model, Dr. Kim Kutsch Slaying Dragons: Reflux and Diabetes Detection in the Dental Office, Dr. Susan Maples Tongue-Tied: A Story NOT Silenced by Oral Cancer, Eva Grayzel Periodontal Disease and Modern Medicine: An Opportunity for Healthier Patients, Dr. Doug Thompson Periodontal Disease and Modern Medicine: An Opportunity for Healthier Patients, Drs. Joel Berg, Henry Gremillion, and Linda Niessen
February, 2018	OSHA / HIPAA Workshop, Joseph Suchocki, 6 hours
January, 2018	CEREC Digital Impression Training, Dr. Dennis Fasbinder and Dr. Stephen Sterlitz, 3 hours (Hands-on, Participation course)
January, 2018	A Novel Approach to Treatment of Facial Pain and Daytime Bruxism, Dr. Joe Alamat, 3 hours (fulfills the Michigan State Board of Dentistry requirement for pain management credit)
November, 2017	Human Trafficking: Identification and Advocacy, Professor Elizabeth Campbell, 1 hour (this fulfills the 1 CEU/lifetime Human Trafficking training for healthcare professionals)
November, 2017	Dental Professional Liability Risk Management Seminar, Linda Farnen, JD and Robert Peskin, DDS, 6 hours
October, 2017	Are You Suffering From Cementation Anxiety, Dr. Lee Ann Brady, 1 hour
October, 2017	Navigating the Gray areas of Dentistry, Dr. Carolyn Romzick, Dr. Justin Krasnoff, Dr. Margherita Fontana, Dr. Phil Richards, 2.5 hours
September, 2017	Post and Core Techniques, Dr. Joseph Chikvashvili, 1 hour
May, 2017	Winning at Visit One: How Dental Assistant Know-How Can Influence Crown & Bridge Efficiency, Dr. Timothy Bizga, 1 hour
April, 2017	Reduce your "Temporary-Making" Anxiety: Create Beautiful and Functional Temporary Restorations, Dr. Lori Trost, 1 hour
March, 2017	A New Perspective on Occlusion and TMD (Vedder Society of Crown and Bridge Meeting), Dr. Jim McKee, 6 hours
February, 2017	Chicago Midwinter Dental Meeting 2017
February, 2017	American Equilibration Society Meeting, Chicago, IL

	Introduction to Epigenetics, Dr. Paul Durham
	Bio-Burden: Potential Impact on the Masticatory System, Dr. Henry Gremillion
	AIRWAY-kening Dentistry to Become the Center of Healthcare, Dr. Bill Hang
	Identifying the At Risk Patient Prior to Complex Restorative, Dr. Donald Tanenbaum
	Physiology of Occlusion, Dr. Jay Levy
	Imaging Pearls: Occlusion, Dr. David Hatcher
